PENSIONS OF SCIENTISTS IN HUNGARY

The Council of Ministers adjusts the pensions of scientific workers and their families in Decree No 1.014/1954 (11/6) as follows:

Scientific workers with scientific degrees who have retired because of ill health or old age will receive from the Hungarian Academy of Sciences the following monthly sums, in addition to the pensions allotted them by Decree of Legal Force No 30 of 1951: regular member of the academy, 2,645 forints; corresponding member of the Academy, 2070 forints; doctor of science, 920 forints; and candidate of science, 472 forints.

In the event of the death of the above-listed scientists, their widows will receive from the academy half the sum due their hunbands, in addition to the regular pension.

The foregoing regulations do not apply to doctors of science and candidates of science who held their degrees previously [probably degrees issued under the Horthy regime] or who are being paid by the academy because of previous scientific degrees. Such persons and their families are provided for by Resolution 398/1949 (X.22) of the Council of Ministers.

The care of orphans and the pension of incapacitated parents will be established on the basis of the present decree.

The Minister of Finance has the authority to adjust the pensions of scientific workers and their families in accordance with the provisions of this decree.
